CORPORATE PROFILE

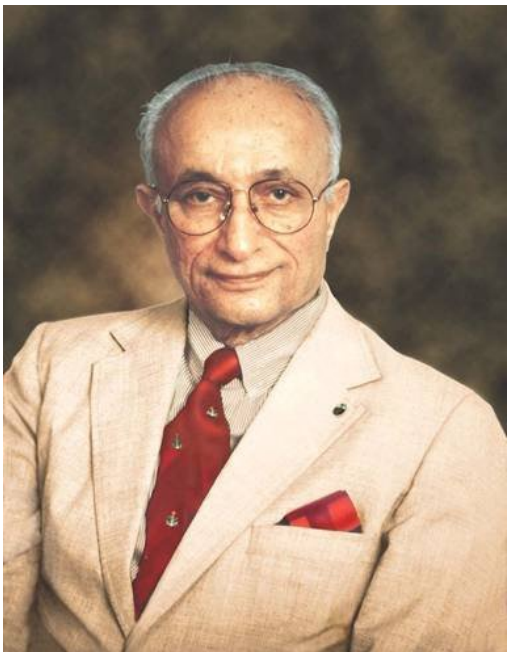

DADEX

DADEX

Industry Leader in Roofing and Thermoplastic Piping Systems

DADEX

"The conduct towards others must be based on kindness, service, fairness, charity, justice, honesty and the sanctity of promise, pledge or agreement."

KASSIM DADA
Founder Chairman
(1919 - 2001)

DADEX

About Dadex

We aim to set standards in every field we enter. Customer focus, quality and innovation are reflected in every aspect of our business. Offering customized solutions to a cross section of markets for over 65 years, Dadex today is a hallmark of trust and reliability.

Dadex was established as a public limited company in 1959. We started with the manufacturing of FC roofing systems at our facilities in Hyderabad, under the dynamic leadership of our Founder Chairman, Mr. Kassim Dada. Being a forward-looking organization, his son, Mr. Sikander Dada kept up to date with the market, and was instrumental in the diversification with plastic piping systems. Presently we produce various thermoplastic systems such as u-PVC, PP-R, PP-RCT, PP, PE.

Headquartered in Karachi, our two manufacturing facilities based in Hyderabad and Sundar Industrial Estate (near Lahore) are equipped with state of the art machinery. Our joint efforts have led Dadex to the ISO 9001, ISO 14001, ISO 45001 and PSQCA certifications.

We believe that our strength lies in delighting our customers. That is why providing quality products backed by round the clock technical support services are the Dadex promise to all our valued customers.

DADEX

Building Blocks of Dadex Values

The guiding vision of Dadex encompasses the intrinsic values of Dadex. These values – referred to as the "Building Blocks of Dadex Values" reflect the true spirit of the company and its employees and are now the foundation of all business practices.

Customer Focus

Superior Customer Support - Magnified Focus

Innovation

Boundless Thinking. Timeless Innovation

Quality

Quality Assured is Quality Delivered.

Reliability

Reliability and Trust- A Secure Balance.

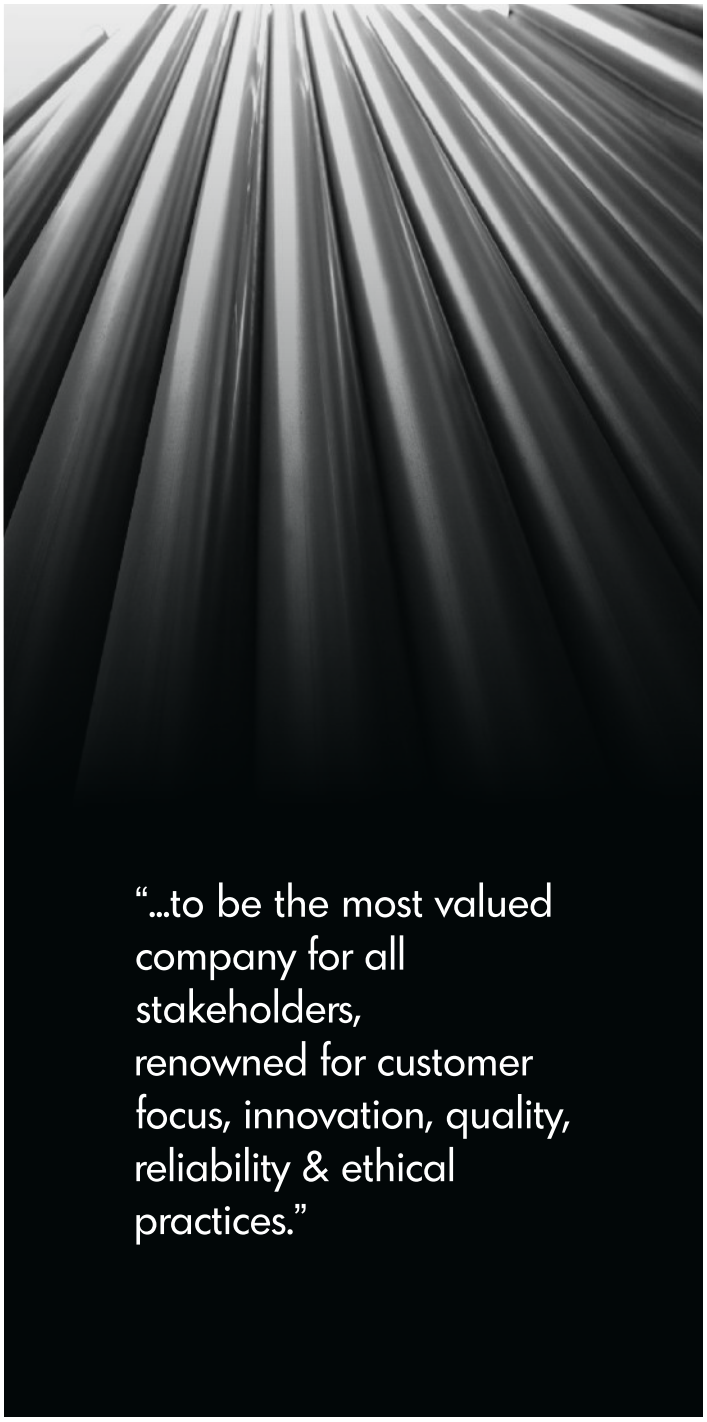

Ethical Practices

Solid Links to Strong Principles.

DADEX

Vision

"...to be the most valued company for all stakeholders, renowned for customer focus, innovation, quality, reliability & ethical practices."

DADEX

Mission Statement

- We shall provide unparalleled service and best value to our customers through a responsive and cost effective supply chain.
- We are committed to provide quality products by strict adherence to international standards and best practices through technical collaboration with leading global companies in this business.
- We are committed to follow business ethics, comply with SH&E standards and enhance our contribution to society.
- We shall strive to maximize our shareholders value through sustained profitable growth.
- We shall enhance existing employee productivity, hire, retain and develop best talent and provide them a competitive environment to excel and grow.
- We will aggressively focus on increasing our penetration in the piping systems market by exploring new channels.
- We shall continue to set new trends through innovative marketing and manufacturing.

DADEX

Our Glorious History

66+ Years of Excellence

From humble beginning to industry leadership, a journey built on trust and innovation.

Formative Years

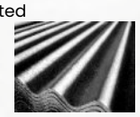

Building foundations with resilience and vision.

1959 - 1975

1959
Plant Opening 1st fiber cement (FC) plant opened in Hyderabad

1959
Product Launch FC Corrugated Sheets

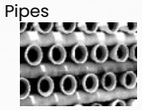

1959
Product Launch FC Decorative Sheets

1962
Collaboration with Eternit group of Belgium

1964
Product Launch FC Building Pipes

1965
Plant opening in Chittagong, (East Pakistan)*

1966
Plant opening in Karachi

1966
Product Launch FC Pressure and FC Sewer Pipes

1967
ACIL Logo creation

*(The Plant lost in 1971 with the loss of East Pakistan)

Driving Growth

Growing stronger, unlocking opportunities, reaching milestones.

1976 - 1989

1981
ACIL Products FC sheets and FC pipes

1984
ACIL Cottage at an international exhibition

1987
Pakistan Standards License for FC Sheets received from PSI

1989
Mr. Sikander Dada appointed Chief Executive and MD

Journey of a thousand miles begins with a single step

Building Leadership

Expanding horizons, strengthening capabilities, and leading the market.

1990 - 2005

1990
New name, New Logo

1991
Technical Collaboration with Wavin-Netherlands, for the production of thermoplastic piping systems in Pakistan

1991
Product Launch UPVC Pressure piping system

1993
Product Launch PE pipes for Water & Gas applications

1997
Product Launch Nikasi, the UPVC (SWV) piping system

1998
ISO Certification

1999
Product Launch Polydex, PPR Hot & Cold water piping system

2001
Dadex House [Shahrah-e-Faisal, Karachi]

2002
Product Launch PE Cable Duct & UPVC Electrical Conduits

2003
New name, New identity

2003
Dadex Values, Vision & Mission statements

2004
Product Launch Zarkaasht, the high efficiency Irrigation System

2005
The American Petroleum Institute certified Dadex to use their official monogram on manufactured products (PE gas pipes). Dadex is the only company outside the US to achieve this distinction.

2005
Dadex certified as an Investor in People (IIP) company on meeting the best H.R. Practices and standards.

2005
Product Launch Aluminum Composite Panels (ACP)

Forging the Future, Defining Excellence

Creating lasting value with innovation and sustainability.

2006 - Present

2006
Product Launch Flowline, the complete underground UPVC sewer pipe system

2006
Product Launch Tubewell, UPVC Casing & Screen Pipes

2006
Dadex embraces SAP solutions

2007
Plant opening in Lahore

2008
Product Launch Speciality piping systems

2015
Product Launch ECO, the SWV piping system in UPVC

2015
Product Launch Thermoline, PPR Hot & Cold water piping system

2016
Launched large dia HDPE pipes upto 630mm

2017
Product Launch Pakistan's 1st Antimicrobial Pipes

2018
Technical Collaboration with Marley Plumbing and Drainage, UK

2018
Collaboration with Effast, Italy

2021
Product Launch Polydex PP-RCT piping system

2022
Collaboration with Magnaplast, Poland.

2023
Product Launch Polyduct, Low Noise SWV piping system

2024
Product Launch Non-Return Valves

2025
Product Launch Catch Basins

Certifications

In our quest to lead by example, our joint efforts have led Dadex to ISO 9001, ISO 14001 and ISO 45001 certification and accreditation for supreme product performance and quality by the Pakistan Standards and Quality Control Authority (PSQCA).

DADEX

Geographic Presence

Dadex is the leading manufacturer of building products. Our head office is located in Karachi, and we operate two manufacturing facilities – one in Hyderabad and one in Lahore (Sundar Estate).

Our market presence is further strengthened by sales offices in all major cities–Karachi, Hyderabad, Multan, Faisalabad, Lahore, and Islamabad–and a comprehensive network of dealers and distributors nationwide.

DADEX

Services

Customers are our reason to innovate. Our promise to provide exemplary service drives our team members to offer comprehensive services that encompass the entire process of interaction with our customers.

Our customer services team offers a variety of services focusing on different aspects of technical support:

- Design Proposals, BOQ & Estimates
- Tools Availability
- Demonstration & Training
- General Activities

1. Technical Support

Our technical support works around a 3 step formula in which we offer pre sales, during sales and post sales service to our customers. Support services include supervision in laying jointing and testing of plastic pipelines and CC roofing systems.

2. Design, Proposals, BOQ & Estimates

We develop designs and proposals, bill of quantities (BOQ) and propose estimates for our valued customers according to their requirements.

3. Tools Availability

Our team is equipped with latest tools needed for handling and working with thermoplastic products. These tools are used for jointing, laying and installation of pipe and roofing systems.

4. Demonstrations & Training

We conduct various types of training sessions keeping the end users in mind. Scope and nature of these sessions varies from in-house training sessions for the team, field training for installers and staff deputed on site, and training techniques for plumber and fixers. We also organize demonstrations for consultants, contractors and major customers to impart product knowledge with specification standards, applications, etc.

5. General Activities

Technical assistance is also provided for the selection of appropriate products, designing, laying and testing. Special tools for installation of our products are also offered to customers.

DADEX

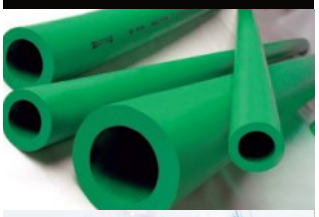

Product Range

Distinctive features of our product range are resistance to corrosion, versatility and durability. To fulfil needs of customers for roofing, water supply, drainage, sewer, gas distribution, internal plumbing, cable ducting and various industrial applications, Dadex deals in a range of products which include:

Thermoplastics

Water Supply - Infra-Structure

- Aquadex (UPVC Pressure Pipe System)
- T-Flex (PE 100 Pipes & Fittings)

Water Supply - Housing

- Polydex - Premium (PP-RCT Pipe System)
- Polydex (PP-R Pipe System)
- Thermoline (PP-R Pipe System)
- Aquadex (UPVC Pressure Pipe System)

Soil, Waste and Vent (SWV)

- Nikasi - Solvent (UPVC Pipe System)
- Nikasi - Rubber Ring (UPVC Pipe System)
- Polyduct (Low Noise System)

Underground Sewerage and Drainage

- Flow Line (UPVC Underground Sewerage System)
- Inspection Chambers and Manholes
- Catch Basins

Cable Ducting

- PE Cable Duct Pipes
- Electroduct (UPVC Conduits as per IEC - EN Standard)
- Conduits (UPVC Conduits as per Dadex Standard)

Gas Supply

- T-Flex for gas (PE 80 and PE 100)

Fiber Cement

We have been manufacturing Chrysotile Cement roofing sheets for over six decades in Pakistan. Large Section Corrugated Sheets are our most popular range of roofing systems which are available in various sizes.

DADEX

Prestigious Clients

We measure success through customer delight which has contributed in building up a broad customer base across the entire cross section of the market over the years.

Today, Dadex is a preferred choice among leading architects, consultants, contractors and end users. Our versatile customer base is a reflection of the broad range of our products' applications.

Over the years we have provided solutions to the following:

- **Government and semi government bodies** such as Karachi Water & Sewer Board (KWSB), WASA, Public Health Engineering Departments (PHED), Rawalpindi Development Authority (RDA), Armed Forces, Local District Governments (City District Government Karachi, City District Government Lahore), D.H.A (Karachi), Sui Southern Gas Company Limited (SSGC), Sui Northern Gas Pakistan Limited (SNGPL), Civil Aviation Authority (CAA), National Refinery Pvt. Limited (NRL), and so on.

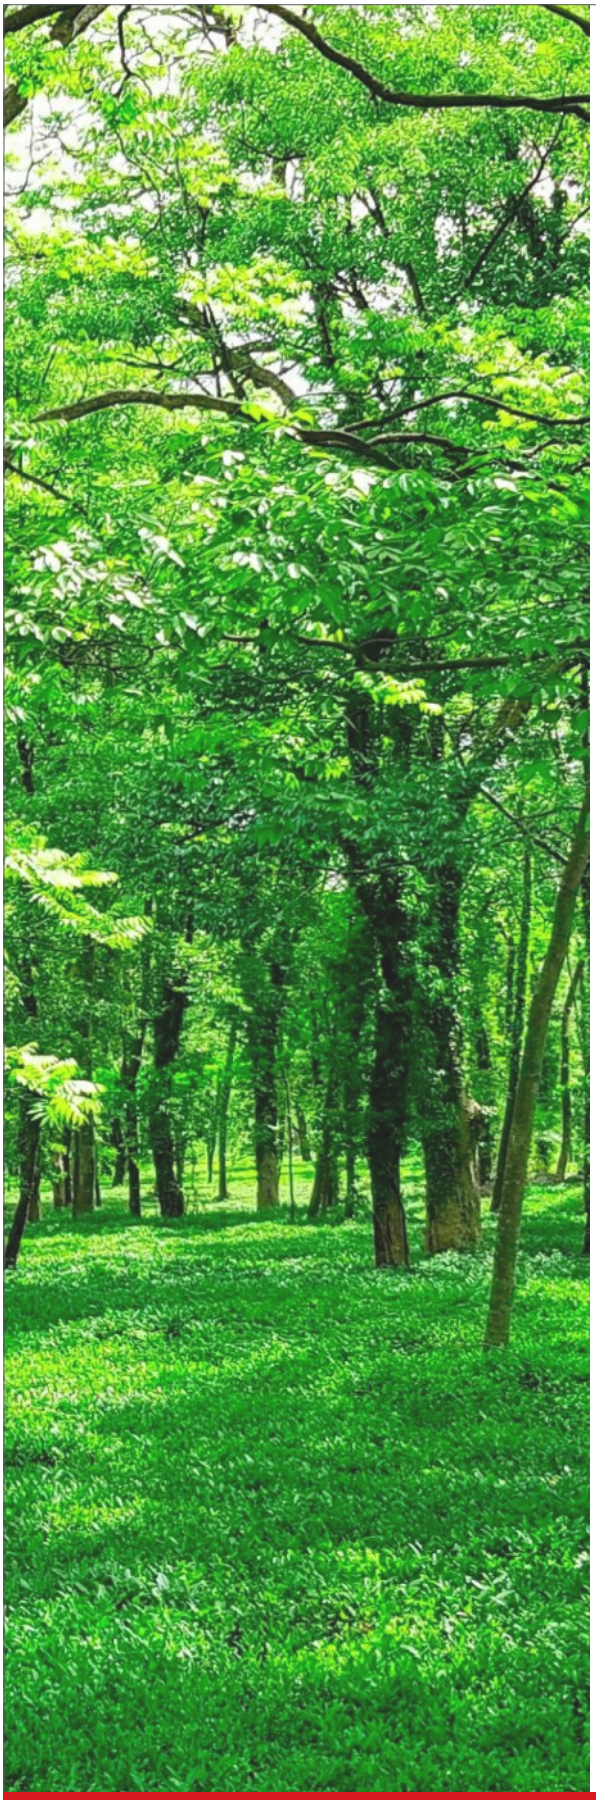

- **Corporate clients** such as Pak-Arab Refinery Company Limited (PARCO), Clough Engineering (Sawan Gas Field), British Petroleum (BP), Aga Khan Housing Network, Fauji Fertilizer Company, Liberty Textile Mills Pvt. Ltd., Nishaat Textile Mills Pvt. Limited, Hanif Industries Pvt. Limited, WorldCall, Abbot Industries, Al-Abid Silk Mills Pvt. Limited, and so on.

- **Builders & Developers** of major commercial plazas and residential projects such as Techno City, Eden Garden, Park Avenue, MM Heights, Bahria Town (Lahore and Islamabad).

- **Non Governmental Organizations (NGOs)** such as DACCAR, UNICEF, AKDN, INTERSOS, etc.

- **Export markets** such as Canada, United Kingdom (UK), United Arab Emirates (UAE), and Afghanistan to name a few.

DADEX

Health, Safety & Environment

We recognize that safeguarding our people and the environment is essential to creating long-term value for all stakeholders. Accordingly, the company places the highest priority on workplace safety, employee well-being, and environmental stewardship.

KEY FEATURES OF OUR HSE PRACTICES INCLUDE:

SUSTAINABLE OPERATIONS
Maintain facilities in compliance with environmental standards to minimize ecological impact.

CAPACITY BUILDING
Train employees and installers to identify, prevent, and reduce environmentally harmful practices.

RESOURCE EFFICIENCY
Implement waste recycling, dust control, and monitoring systems across all production facilities to ensure continuous improvement in environmental performance.

Through these measures, Dadex continues to embed sustainability into its operations, ensuring that growth is achieved responsibly and in alignment with global ESG principles.

DADEX

Corporate Social Responsibility

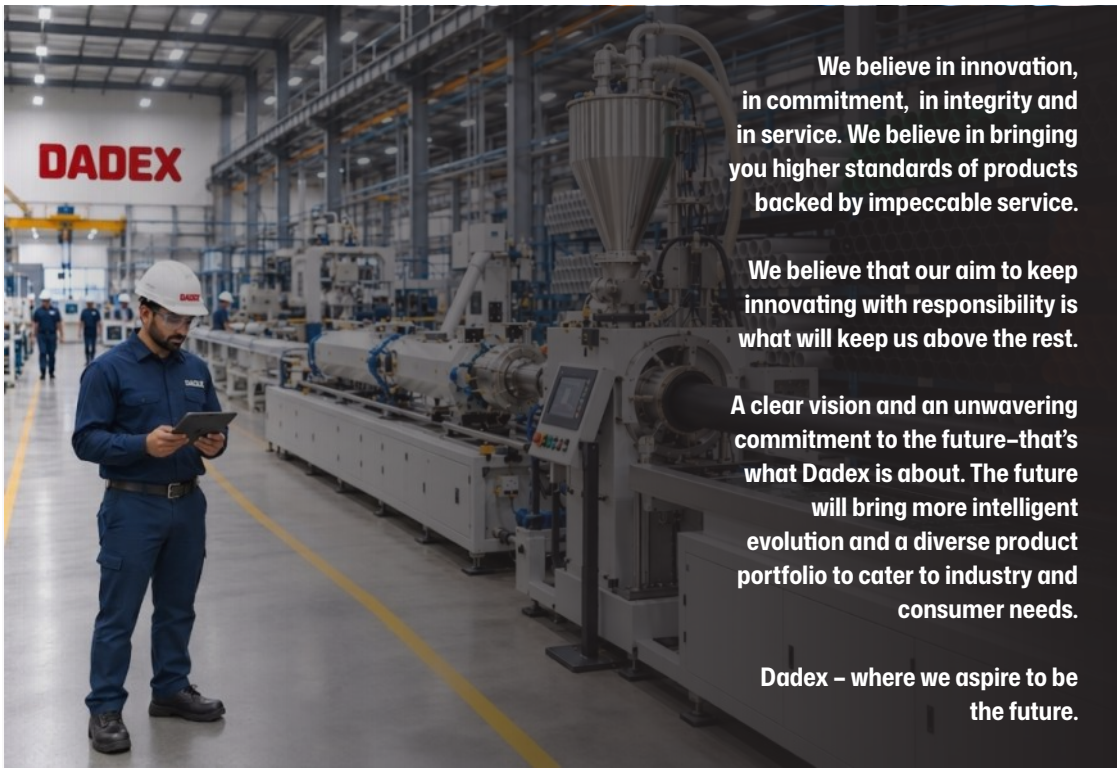

The United Nations proclaimed the period from 2005 to 2015 as the International Decade for Action: “Water for Life”. Being a proactive company, Dadex has taken the step to be ahead of its time, and has devoted the years 2004 and 2005 to highlighting the importance of conserving nature’s most precious resource - water.

Our dedicated Water-Wise campaign continues to promote water conservation nationally through print advertising, supporting seminars and related events to create awareness for water conservation. By doing so, we feel that together we can continue to enjoy pure, clean water for generations to come.

DADEX

Forging Ahead

We believe in innovation, in commitment, in integrity and in service. We believe in bringing you higher standards of products backed by impeccable service.

We believe that our aim to keep innovating with responsibility is what will keep us above the rest.

A clear vision and an unwavering commitment to the future–that's what Dadex is about. The future will bring more intelligent evolution and a diverse product portfolio to cater to industry and consumer needs.

Dadex – where we aspire to be the future.
